Company Overview

Semper Fi Services, LLC (SFS) is a veteran-led small business specializing in traceability-controlled distribution of aerospace and defense components. The company is built on direct experience in aviation maintenance, quality assurance, and federal construction quality control, ensuring strict adherence to technical requirements, documentation, and contract compliance.

Core Competencies

- Aerospace & defense parts distribution (non-manufacturing)
- Traceability-controlled supply chain management
- Sourcing from approved manufacturers and authorized distributors
- Full traceable documentation packages (CoC, inspection, test data)
- Contract compliance with FAR / DFARS requirements
- Packaging & marking aligned with MIL-STD requirements
- Coordination of external testing and special processes
- Inspection readiness and documentation verification prior to delivery

Differentiators

- Aviation Quality Assurance Experience (HMLA-167)
- FAA-Certified Airframe & Powerplant (A&P) Mechanic
- Flight-Critical Inspection & Documentation Control
- USACE/NAVFAC Quality Control Management Experience
- Certified Quality & Safety Leadership
- USACE/NAVFAC CQM-C
- OSHA 30
- EM 385-1-1
- NCCCO Rigging & Crane Certifications
- Large-Scale Contract Execution Experience
- Direct experience inspecting, maintaining, and validating aircraft systems to technical specifications and regulatory standards
- Leadership with direct responsibility for Three-Phase QC System, submittals, RFIs, and contract documentation on federal construction projects
- Oversight of projects up to \$80M+ with responsibility for safety, quality, inspections, and compliance with federal contract requirements
- Lean Six Sigma & Continuous Improvement background and experience managing maintenance programs, inspections, and engineering directives in high-risk environments
- 9 years U.S. Marine Corps aviation experience with over 5 years as a Quality Assurance Representative, responsible for inspections, airworthiness documentation, and compliance with maintenance directives
