0159:
0160:                     <p>
0161:                         Semper Fi Services began with two Marines who carried a bigger
vision for life after active service.
0162:                         Over time, that vision became grounded in real responsibility,
long-term friendship, and a shared
0163:                         determination to build something meaningful for themselves and
their families.
0164:                     </p>
0165:
0166:                     <p>
0167:                         Through deployments, transition, work, and fatherhood, the
friendship remained. What held it together
0168:                         was not just shared history, but a shared mindset: keep moving,
stay accountable, solve problems, and
0169:                         build something that lasts.
0170:                     </p>
0171:
0172:                     <p>
0173:                         Today, that same foundation shapes the company. Semper Fi
Services is structured as a disciplined,
0174:                         execution-focused aerospace and government supply operation
built around supplier verification,
0175:                         documentation control, traceability, process discipline, and
contract-aligned performance.
0176:                     </p>
